

# DECEMBER

Winter Camp is just around the corner!

Registration is still open, but spots are limited

The last day to make changes to the registration for winter camp is December 1st. After December 1st you will be able to add additional days if we have room available, but you will not be re-funded for days you no longer need care for.

Our staff and children are looking forward to all the wonderful things in store for them during our winter break!

### POTENTIAL HEALTH RISK

Where a staff member knows or has reason to believe a child is exhibiting signs or symptoms of illness, as listed below, the staff must ensure:

- The child's parent arranges for the immediate removal of the child from the program premises, and
- That the child does not return to the program premises until the license holder is satisfied that the child no longer poses a health risk to persons on the program premises, or
- The child's parent provides written notice from a physician indicating the child does not pose a health risk to persons on the program premises.
- Signage to be posted informing parents any time their child may have come in contact with a communicable disease while in the care of Juvenescence.

Signs or symptoms of illness exhibited by a child include the child:

- Vomiting, having a fever, diarrhea or a new or unexplained rash or cough.
- Requiring greater care and attention than can be provided without compromising the care of the other children in the program, or
- Having or displaying any other illness or symptom the staff member knows or believes may indicate that the child poses a health risk to persons on the program premises.
